Hello,

I have read the Dewey-Burdock documents and gathered GIS data. I have been to ECOS and IPaC websites. I read the legal document: Richard Pemberton Jr., *I Saw That it Was Holy: The Black Hills and the Concept of Sacred Land*, 3 Law & Ineq, 287 (1985). I explored the short grass prairie ecosystem and the flora and fauna associated with it. I am ready to begin editing, but am not sure what document you would like me to start with.
